WOOD HAVEN TECHNOLOGY PARK CLEARING/GRADING PROJECT IFB #2020-02

B&A Project #04180095.01
July 23, 2020

ADDENDUM #2:

- Item No. 1:** All vegetation that is cleared shall be removed from the site. Mulch from stump grinding will not be allowed to remain on-site.
- Item No. 2:** Burning operations shall be as allowed by local ordinances and any other applicable laws and regulations.
- Item No. 3:** All disturbed areas, including the Phase 1 clearing area identified on sheet C02, shall receive topsoil and permanent stabilization following clearing and grubbing operations in this area.
- Item No. 4:** The VDOT contact for coordination with the adjacent Interstate 81 project is:
- Chad Corns
Email: chad.corns@vdot.virginia.gov
Phone: (276) 692-8652

Thank you for your interest in this project.
